Please note that at the time of rental you will need to present a current driver's license and a valid major credit card. Hertz locations also accept most, but not all, debit cards. Use of a debit card to rent a vehicle is subject to a review of your credit history. A few locations do not accept debit cards at time of rental. [DESTINATION SPECIFIC TERMS

- At the time of pick-up you will need to present a valid driver's licence, a passport or ID card, and the credit or debit card that was used for the booking online. This MUST be presented by the person in whose name the vehicle was booked.

- For some Premium car groups you may be required to present one or two credit cards. Details can be found in the information.
- Hertz will reserve credit (if paying with a credit card) or take a pre-authorised deposit (if paying with a debit card) to cover the estimated charges arising from your rental, including a full tank of fuel. The reserved credit/deposit will be released on final calculation and payment of your rental charges on return (minus any charges). Please check with your card issuer on when your deposit will appear in your account (est. 4-7 days, but it could take up to 30 days).
- At the time of rental, credit or charge cards must have available credit, and acceptable debit/check cards must have available funds, sufficient to pay the estimated amount of the rental charges plus the credit reserved or deposit pre-authorised by Hertz.

The reserved amount will not be accessible by you during your rental. We will release the reservation amount after final calculation and payment of your rental charges on return (minus any charges). However, it may take up to 30 days to show in your account due to your card issuer's processes. For more information please see. Full details can be found in the information.
